LONDON: CAKE Entertainment has taken on worldwide distribution for *Hareport*, its first co-production with TeamTO, Filmwerken and Vivi Film.

The fast-paced action-comedy is aimed at the 6-to-11 set, and centers on two hare brothers, Ned and Fred, who run an airport for animals that fly. The 3-D series joins the CAKE portfolio alongside Fresh TV's *Stoked*, *Total Drama Island* and *Total Drama Action* and *Skunk Fu!* from Cartoon Saloon.

Genevieve Dexter, partner and commercial director at CAKE, said: "*Hareport* is a fantastic, fun concept with strong characters and great animation; the series makes a great addition to our catalogue in the lead up to MIPTV and we have every faith this will be as successful as our recent sales."
